VAN DER VALK
CONGRES HOTEL MONS

Adresse du jour

Av. Méline Mercouri, 7 BE 7000 Mons

Cette année nous fêtons notre dixième anniversaire.

Pour marquer le coup, nous avons décidé d'étendre notre réunion sur 1 journée et demie.

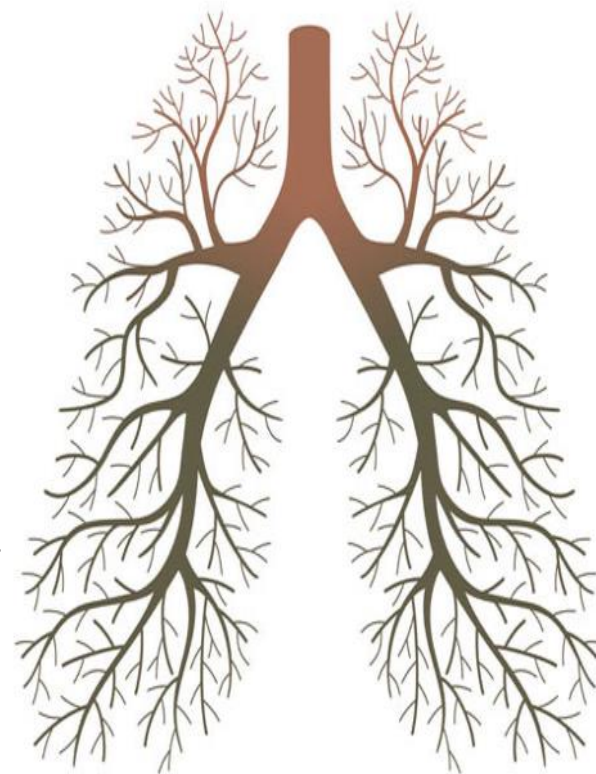

Nous aurons l'honneur et le privilège d'accueillir cette année encore les plus grands spécialistes qui nous feront part de leur expérience mais aussi des derniers développements dans différents thèmes proposés. Ce sera l'occasion de faire le point sur les différentes classifications TNM mais aussi de toucher à des sujets d'actualité tels que l'immunothérapie, les résections limitées ainsi que l'utilisation en chirurgie des nouvelles technologies.

En espérant conserver le caractère convivial et interactif qui a fait le succès des précédentes éditions.

This year we are celebrating our tenth anniversary. To celebrate this, we decided to extend our meeting over a day and a half. We will have the honor and the privilege to welcome again the greatest specialists who will share with us their experience but also the latest developments of the different themes proposed. This will be an opportunity to review the different TNM classifications but also to touch on current topics such as immunotherapy and limited sublobar resections and the use in surgery of new technologies.

Hoping to preserve the convivial and interactive character that made the success of previous editions.

Jean Lemaitre

RÉUNION DE CHIRURGIE THORACIQUE

28-29 Mars 2019

Dixième réunion de Chirurgie Thoracique: Ten years after!

28 Mars 2019

29 Mars 2019
