This special 90-minute worldwide STS webinar will focus on the recovery of cardiothoracic surgery in the post-COVID era. STS President Joseph A. Dearani, MD, along with cardiothoracic surgeon leaders from around the world, will share vision and guidance about:

- Lessons learned from the COVID-19 pandemic in Asia and Europe
- How major health systems address needs and prioritize case types
- Potential consequences of delayed care
- Preoperative screening of patients, families, and healthcare providers
- Mitigation strategies for second wave
- Registries/databases in accruing and examining COVID-19 data
- Approaches to physician wellness and PTSD

**Monday, May 4**  
**11:00 a.m. ET, 8:00 a.m. PT**
