

EUROPEAN SOCIETY OF THORACIC SURGEONS
ESTS

ESTS SCHOOL OF THORACIC SURGERY

16-20 March 2011

Titanic Hotel, Antalya, Turkey

16 March 2011, Wednesday

Hour	Subjects
MORNING	Basic Science, Congenital Diseases, Theoretical/Technical
07:45-09:15	<ul style="list-style-type: none"> • Opening remarks • European Board of Thoracic and Cardiovascular Surgery – eligibility & examination process • Pulmonary anatomy, embryology and congenital diseases
09:15-09:30	break
09:30-11:00	<ul style="list-style-type: none"> • Interpreting scientific papers • Scientific study preparation • Guidelines in thoracic surgery and their influence in our practice
11:00-11:15	break
11:15-12:30	<ul style="list-style-type: none"> • Fitness for resection and risk stratification for lung resection • Patient safety in surgical practice
12:30-13:30	lunch
AFTERNOON	Mediastinum, Pleura & Diaphragm
13:30-14:45	<ul style="list-style-type: none"> • Mediastinal tumours, cysts and mediastinal goitre • Myaesthesia gravis & Thymectomy - indications, techniques and outcomes • Diaphragm surgery
14:45-15:00	break
15:00-16:30	<ul style="list-style-type: none"> • ETS for regional hyperhidrosis • Pneumothorax surgery • Parapneumonic and postoperative empyema
16:30-16:45	break
16:45-18:00	<ul style="list-style-type: none"> • Malignant pleural mesothelioma • Management of malignant pleural effusion • “How to” cases
19:30-22:00	Welcome Dinner

17 March 2011, Thursday

Hour	Subjects
MORNING	Pulmonary Neoplastic –Part I
07:45-09:15	<ul style="list-style-type: none"> • Screening and follow-up for lung cancer • Staging algorithm and restaging lung cancer after induction treatment for NSCLC • Mediastinal dissection techniques
09:15-09:30	break
09:30-11:00	<ul style="list-style-type: none"> • Neuroendocrine lung tumours • Advances in parenchyma preserving treatments for lung cancer & sleeve resection
11:00-11:15	break
11:15-12:30	<ul style="list-style-type: none"> • Segmentectomy - indications, techniques • Multimodality treatment of Pancoast Tumours • Extended resection for lung cancer
12:30-13:30	Lunch
AFTERNOON	Pulmonary Neoplastic – Part II
13:30-14:45	<ul style="list-style-type: none"> • Adjuvant, neoadjuvant chemotherapy & radiotherapy – Fundamentals and treatment outcomes • Surgery after induction therapy • Advances in local control of lung cancer: stereotactic radiosurgery, IMRT, IGRT, cryosurgery, RFA and endobronchial approaches
14:45-15:00	break
15:00-16:30	<ul style="list-style-type: none"> • Management of solitary extrapulmonary metastases • Management of pulmonary metastases
16:30-16:45	Break
16:45-18:00	<ul style="list-style-type: none"> • VATS lobectomy – when and how? • Robotic surgery – technical aspects and its future • “How to” cases

18 March 2011, Friday

Hour	Subjects
MORNING	Oesophageal
07:45-09:15	<ul style="list-style-type: none"> • Principles and investigation of GERD and antireflux surgery • Giant Hiatal hernia
09:15-09:30	Break
09:30-11:00	<ul style="list-style-type: none"> • Staging of oesophageal cancer • Open oesophagectomy • Minimally invasive oesophagectomy
	Free afternoon
AFTERNOON	Guided Tour of Antalya (optional)

19 March 2011, Saturday

Hour	Subjects
MORNING	Pulmonary Non-neoplastic
07:45-09:15	<ul style="list-style-type: none"> Investigation and management of the SPN Bronchiectasis and destroyed lung Management of postoperative pain
09:15-09:30	Break
09:30-11:00	<ul style="list-style-type: none"> Emphysema and bullous lung disease Lung transplantation: state of the art Pulmonary endarterectomy for chronic thromboembolic pulmonary hypertension
11:00-11:15	Break
11:15-12:30	<ul style="list-style-type: none"> Bronchopleural fistula: occurrence and management "How to" cases
12:30-13:30	Lunch
AFTERNOON	Trachea & Chest Wall
13:30-14:45	<ul style="list-style-type: none"> Chest wall tumours & operative principles of resection and reconstruction Operative options for chest wall deformities
14:45-15:00	Break
15:00-16:30	<ul style="list-style-type: none"> Tracheal tumours and principals of surgery Palliation of airway diseases – tracheobronchial stenting and other techniques
16:30-16:45	Break
16:45-18:00	<ul style="list-style-type: none"> "How to" cases
EVENING	Farewell Dinner
19:30 – 22:00	

20 March 2011, Sunday

Hour	Subjects
MORNING	Trauma & Infections
07:45-09:15	<ul style="list-style-type: none"> Blunt and penetrating chest trauma Management of oesophageal and diaphragmatic traumas
09:15-09:30	Break
09:30-11:00	<ul style="list-style-type: none"> Surgery for fungal, mycobacterial and hydatid lung diseases Management of hemoptysis
11:00-11:15	Break
11:15-12:30	<ul style="list-style-type: none"> Examination Evaluation of exam questions and answers Closing remarks
12:30-13:30	lunch
Until 14:00	Check out from the Hotel
