THE SCIENCE OF CARE™

MEDELA WEBINAR SERIES

WEBINAR 1 - OCTOBER 30th, 2023. 18.00h CET

COULD A FOCUS ON THREE KEY CARE ELEMENTS HELP DRIVE OUTCOMES OF A POSTOPERATIVE ERAS PATHWAY?

This webinar presents the key care elements approach and gives a high-level overview of the role of proactive chest tube management.

Moderation: Clemens Aigner (Vienna, Austria)

Speakers: Eric de Loos (Heerlen, The Netherlands)

Tim Batchelor (London, UK)

WEBINAR 2 – JANUARY 31st, 2024. 18.00h CET

WOULD A MORE PROGRESSIVE, PATIENT-TAILORED APPROACH IN CHEST TUBE MANAGEMENT BE NEXT?

This webinar provides a) a deep dive into chest tube management (physiology, physics and technology) and b) a coverage of the remaining two key care elements, pain relief and early mobilization.

Moderation: Clemens Aigner (Vienna, Austria)

Eric de Loos (Heerlen, The Netherlands)

Speakers: Alex Brunelli (Leeds, UK)

Shanda Blackmon (Rochester, US)
