Réponse souhaitée avant le 15 mars 20

Adresse du Jour

Av. Mélina Mercouri, 7
BE 7000 Mons
Tél: +32(0)65 390207

Cette année nous avons décidé de partager le thème choisi pour le congrès de la Royal Belgian Society for Surgery à savoir 'Out of the box'. Il faut, en effet parfois sortir des sentiers battus de l'enseignement classique au chevet du malade ou en salle d'opération.

La réussite d'une intervention chirurgicale fait appel à certaines habiletés techniques. Celle-ci pourra être développée, encouragée par la mise en place de différentes formes de simulateurs chirurgicaux.

Nos experts discuteront également avec nous de screening du canceret de follow-up.

En espérant qu'une fois encore les discussions seront riches et conviviales.

This year we decided to share the theme chosen for the Royal Belgian Society for Surgery congress namely 'out of the box'. It is necessary, indeed, sometimes to leave the beaten paths of the classical education side by side.

The success of a surgical procedure requires certain technical skills. This can be developed, encouraged by the introduction of different forms of surgical simulators.

Our experts will discuss with us also about lung cancer screening and follow-up.

Hoping that once again the discussions will be rich and -friendly

Le prix Jean Deslauriers

de la conférence annuelle de chirurgie thoracique du CHU Ambroise Paré
Mons, Belgique

VAN DER VALK
CONGRES HOTEL MONS

15 october 2020

13h30 Simulation in bronchoscopy: current and future perspectives. **Nilsson P (?Copenhagen, DK)**

13h50 Simulation model **T Stupnik (Ljubljana, Slo)**

14h10 Training in Uniportal Video-Assisted Thoracic Surgery. **A Sihoe (Hong Kong)**

14h30 VATS lobectomy program: the trainee perspective. **C Torres (Lisbonne, Por)**

15h *Pause - Visite des stands*

15h30 How to train pulmonologist on bronchoscopy and pleuroscopy: simulation models **P Astoul (Marseille, Fr)**

15h50 High-volume intensive training course: a new paradigm for video-assisted thoracoscopic surgery education. **A Sihoe (Hong Kong)**

16h10 Teaching video-assisted thoracic surgery lobectomy-using an ex vivo simulation model **M Jimenez (Salamanca, Sp)**

16h30 Discussion: panel experts: Massard, Thomas, Lardinois, Filosso, Leduc + speakers

17h00-19h00: Lab training with technical support of Y Sokolow, G Decker, A Agrafiotis

19h30 Gala dinner

16 october 2020

09h Lung cancer screening: Asia: **A Sihoe (Hong Kong)**

09h30 Lung cancer screening: USA. **S Cassivi. Rochester, USA**

10h Lung cancer screening : Europe : **K Nackaerts, (Leuven, Bel)**

10h30 *Pause - Visite des stands*

11h00 Lung Cancer Screening, Opportunistic Evaluation of Findings: coronary artery diseases, breast cancer, pulmonary diseases, liver disease, osteoporosis **W De Wever, Leuven, Bel)**

11h30 Discussion: panel expert: **R Rami Porta, J Assouad, D Van Raemdonck** + speakers

12h00 **Prix Deslauriers** **G Massard, D Van Raemdonck, P Thomas, E Fréchette**

12h30 *Lunch - Visite des stands*

13h30 Guidelines for Management of Incidental Pulmonary Nodules Detected on CT Images: From the Fleischner Society **P Van Schil, Antwerpen, Be)**

14h00 The Classification of Lung Cancers Presenting with Multiple Lesions. **R Rami-Porta, Barcelona, Sp)**

14h30 Feasibility and effectiveness of a home-based exercise training program before lung resection surgery **E Fréchette (Sherbrooke, Can)**

15h00 STS, ESTS and JACS survey on surveillance practices after surgical resection of lung cancer. **C Pompili (Leeds, UK)**

15h30 Is it safe to wait? The effect of surgical wait time on survival in patients with non-small cell lung cancer. **E Fréchette (Sherbrooke, Can)**

16h00 Discussion: Panel expert: **A Sihoe, S Cassivi, M Capello, T Berghmans**, + speakers

17h00 Closing Remarks
