

30th ESTS MEETING

19 - 21 JUNE 2022 • THE HAGUE, THE NETHERLANDS

Submission for review of case report, and video or poster presentations to either EJCTS or ICVTS is optional but welcomed.

Manuscripts should be prepared and submitted according to the Instructions to Authors (follow relevant link):

- [EJCTS](#)
- [ICVTS](#)

The manuscript submission is online only at: <https://ejcts.oxfordjournals.org/>

Please mention "Presented at the 30th European Conference on General Thoracic Surgery of the European Society of Thoracic Surgeons, The Hague, The Netherlands, 19 June – 21 June 2022 on the title page of the manuscript.

ESTS requires that all speakers competing for the Brompton & Young Investigators Prizes sessions submit full manuscripts by e-mail to the ESTS Executive Director (sue@ests.org.uk) one month before the meeting at the latest, since these papers are included in the total scoring by the jury. The audio-visual recording of the scientific presentations will be the property of the ESTS.

ABSTRACT SESSIONS

Papers are allocated 7 minutes presentation time followed by a discussion period of 3 minutes. Please note that only data projection will be available.

INTERACTIVE CASE PRESENTATION SESSION

The Program committee invites submissions of case reports for interactive presentation. It is an opportunity for any thoracic surgeon, particularly trainees and young surgeons, to present a case for discussion by the meeting and the experts who will be present. We encourage you to submit cases that are of interest in any of the followings:

- An uncommon clinical problem
- A particularly challenging problem of diagnosis or management
- An innovative surgical technique
- A clinical lesson
- A particularly illustrative case of interest for the thoracic community

The interactive presentations should be 5 minutes long including interactive discussion of 5 minutes. Video clips are welcomed but must be included within the time limit. The speaker should present the clinical case only, NOT a literature review or case series.

We would like you to explain in the abstract (300 words) what your case is about, what you think is of special interest for the audience and its clinical implications.

POSTER SESSION

A number of abstracts will be selected for poster presentation as moderated posters. There will be a Junior Poster Session and a Senior Poster Session.

Moderated posters are allocated 3 minutes presentation time followed by a discussion period of 2 minutes.

Maximum dimensions: Portrait: Length 140 cm, width 90 cm

JOINT STATEMENT ON REDUNDANT (DUPLICATE) PUBLICATION BY THE EDITORS OF THE UNDERSIGNED CARDIOTHORACIC JOURNALS

Full Text: [http://www.jtcvsonline.org/article/S0022-5223\(15\)01306-9/fulltext](http://www.jtcvsonline.org/article/S0022-5223(15)01306-9/fulltext)

The co-signatory Editors hereby declare that they adhere to a process of information exchange and cooperation aimed at eliminating redundant (duplicate) publication in their journals. Briefly, redundant publication is a paper that overlaps substantially with one submitted elsewhere or published without adequate cross-referencing and justification. We consider redundant publication to be unethical for the following reasons: The author unjustifiably receives 2 or more citations for only 1 article; the time of unpaid peer reviewers and editors is wasted on duplicate submissions; the burden of extra work slows the peer review process; the already extensive scientific literature is further inflated making literature search even more cumbersome; valuable journal pages are wasted. Furthermore, meta-analysis of multiple studies may become flawed when the same material is published repeatedly.

We intend to combat redundant publication by: using electronic search applications to identify potential duplications; sending doubtful papers for review by other journal editors; exchanging information about conference submissions and joint collaboration in Program committees; publishing joint statements exposing offenders in clear cut cases; imposing bans where necessary; and following up on potential copyright infringements.

For the purposes of this declaration, redundant publication is defined as follows:

- 1. The numbers or sample sizes are similar.
- 2. The methodology is identical or nearly so.
- 3. The results are similar.
- 4. At least 1 author is common to both reports.
- 5. Little or no new information is made available.

To classify as redundant publication all of points 1-5 must apply. Exceptions may include publications in local or regional journals, abstracts at scientific meetings, or original publication in a language other than English. The authors must bring these exceptions to the Editor's attention. The Editor's judgment decides if points 1-5 apply for a specific case. The authors will be informed and will be given the opportunity to respond. Because redundant publication constitutes serious academic misbehavior, instances may be reported to specialty society ethics committees for review and possible disciplinary action.

We hope that the authorship of our journals and the scientific community at large will support us in this endeavour, which we believe to be in the best interests of all.
