

ESTS ITALIAN CHAPTER MEETING

SURGICAL TREATMENT OF LUNG CANCER: FUTURE CHALLENGES FOR DAILY PRACTICE

ROME, MAY 27-28, 2022

HOTEL METROPOLE, VIA PRINCIPE AMEDEO, 3

Congress President
ESTS Italian Regent
Alessandro Bertani

Roberto Crisci
SICT President

Alessandro Brunelli
ESTS President

The European Society of Thoracic Surgeons (ESTS) and The Italian Society for Thoracic Surgery (SICT) are glad to introduce the

ESTS Italian Chapter 2022

A new, yearly format agreed between the two societies and developed with the ESTS Italian Regent to promote clinical and scientific professional growth of their Members.

The first meeting is held in Rome and is dedicated to the surgical treatment of lung cancer with a practical approach, to offer to both experts and young practitioners a comprehensive view of the core topics of current and future clinical practice

A multidisciplinary and international Faculty will present on:

- Surgical techniques and minimally invasive surgery.
- Quality improvement.
- Advanced diagnostic tools.
- Innovative peri-operative treatments.

See you in Rome!

REGISTRATION FEE: €70,00 INCLUDING VAT. FREE FOR RESIDENTS
